Linear Table Lamp

"The Linear Lamp Series is designed from the idea of creating smaller atmospheres through modern light, bringing a sense of intimacy to larger spaces. With their elegant expression, subtle details and inherent functionality of a dimmable light source, the designs create space for both being and working on your own as well as making for a friendly environment when in the company of others. Use the Linear Lamp Series for any space in need of modern, functional lighting that can be adjusted to the exact purpose of your space."
